Outpatient Opioid Addiction Treatment in Bangor, ME

SaVida Health Bangor offers **personalized, outpatient treatment** for individuals struggling with opioid addiction. Our clinic specializes in **Suboxone® and buprenorphine-based Medication-Assisted Treatment (MAT)**, paired with counseling, case management, and long-term recovery support—all delivered in a compassionate and respectful environment.

We are proud to serve the greater Bangor community with accessible, evidence-based care close to home.

Tailored Treatment That Supports Your Recovery

We understand that recovery is not a one-size-fits-all approach. At SaVida Health Bangor, your care plan is tailored to your specific needs and goals. Services include:

- **Suboxone® and Buprenorphine MAT**

- One-on-one and group counseling

- Case management and social support services

- Same-day appointments (when available)

- Telemedicine options for qualified patients

Our experienced team is here to guide you with dignity, professionalism, and empathy every step of the way.

Convenient Local Care in Bangor

Our Bangor center provides outpatient care designed to fit into your daily routine, without the need for overnight stays or long-distance travel. We help patients maintain work, school, or family responsibilities while receiving structured, supportive addiction treatment.

Insurance and Accessibility

We accept **MaineCare (Medicaid), Medicare, and most commercial insurance plans**. Our staff will walk you through the intake process, verify your benefits, and answer any questions, making it easy to get started.

Whole-Person Support for Lasting Recovery

In addition to medical treatment, we offer supportive services that address the broader needs of recovery:

- Help with transportation, housing, or food access

- Support managing co-occurring mental health challenges

- Ongoing recovery planning and relapse prevention tools

Our holistic approach helps you focus not only on quitting opioids but on rebuilding a stable, healthy life.
