Personalized Opioid Addiction Treatment in Biddeford, ME - Suboxone Replacement Therapy

Welcome to SaVida Health Biddeford, where we offer a compassionate pathway to recovery for those struggling with opioid addiction. Our center is a haven for individuals seeking a blend of medication-assisted treatment and emotional support in a nurturing environment.

Comprehensive Care and Support

Our Biddeford center is equipped to provide comprehensive care through in-house counseling, case management, and recovery assistance services. We offer a variety of treatment options, including Suboxone, buprenorphine, Sublocade, and Vivitrol, to best suit your recovery needs.

Immediate Access to Treatment

We understand the importance of timely treatment, which is why we offer the possibility of same-day appointments. Our team at SaVida Health Biddeford is ready to assist you without the long waits or the hassle of scheduling far in advance.

Insurance and Paperwork Assistance

Navigating insurance and paperwork can be overwhelming, but you don't have to do it alone. We accept a wide range of insurance plans, including Medicaid, and are here to help with the necessary documentation. Your privacy is paramount, and all inquiries are treated with the highest level of confidentiality.

Convenient Outpatient Services

Our FDA-approved addiction treatment is available right in your local community, designed to integrate seamlessly into your daily life. With no overnight stays required, our outpatient services are tailored to your individual needs, ensuring that you receive the care you deserve with the flexibility you need.

Understanding Suboxone Treatment

Suboxone is a leading treatment for opioid addiction, helping to alleviate withdrawal symptoms and reduce cravings. It is available by prescription and can be an integral part of a personalized treatment plan. Reach out to us to discuss whether Suboxone is the right option for you.
