Outpatient Treatment for Opioid and Alcohol Addiction

At **SaVida Health Danville**, we provide respectful, evidence-based care for individuals seeking recovery from opioid or alcohol addiction. Our local clinic offers **FDA-approved medication-assisted treatment (MAT)** along with counseling, case management, and ongoing support—all in one convenient outpatient setting.

Whether you're starting recovery for the first time or returning after a relapse, our team is here to help you take the next step with confidence.

Personalized Care That Meets You Where You Are

We know that addiction recovery looks different for everyone. That's why our treatment plans are tailored to each patient's medical needs, lifestyle, and personal goals. Our services include:

- Medication-Assisted Treatment using **Suboxone®, Buprenorphine, Sublocade®, and Vivitrol®**

- **Individual and group counseling** to address the emotional and behavioral aspects of addiction

- **Case management and support services** to help with transportation, child care, housing, and employment

- **Mental health support** for co-occurring conditions when needed

- **Relapse prevention planning and ongoing recovery check-ins**

Accessible Care, Right in Danville

We believe treatment should be easily accessible and straightforward to initiate. Our Danville clinic offers:

- **Same-day or next-day appointments**

- **Telehealth services** for eligible patients

- **Quick intake and insurance support**

- A **welcoming, judgment-free environment** for new and returning patients

We accept **Medicaid, Medicare, and most commercial insurance plans**. Our team is here to assist you with any paperwork or benefit-related questions.

Outpatient Treatment That Works With Your Life

Our outpatient model allows you to stay connected to work, family, and everyday responsibilities while receiving high-quality addiction care. There's no need for an overnight stay or long-distance travel; we're here in your community, ready to help.
