Description

Outpatient Opioid Addiction Treatment in Morrisville, VT

SaVida Health Morrisville provides **evidence-based, outpatient treatment** for individuals living with opioid addiction. Our clinic offers **FDA-approved Medication-Assisted Treatment (MAT)** using Suboxone® and Buprenorphine, supported by counseling, case management, and real-life recovery assistance, all in a confidential and nonjudgmental setting.

We proudly serve the Morrisville community and greater Lamoille County with personalized care designed to help patients build a healthier future.

Personalized Treatment That Fits Your Life

Recovery looks different for everyone. That's why our licensed professionals develop care plans that reflect your individual goals, challenges, and schedule. Services include:

- MAT with **Suboxone® and Buprenorphine**

- One-on-one and group counseling

- Case management to assist with housing, transportation, and other needs

- Same-day and telehealth appointments (when available)

- Confidential, supportive outpatient care

Holistic Support Beyond Medication

Addiction affects more than just physical health. Our team works to address the **emotional, social, and behavioral** components of recovery by offering:

- Mental health support

- Practical life assistance and recovery coaching

- Counseling for families and loved ones

- Long-term relapse prevention strategies

Flexible, Local Outpatient Services in Morrisville

Our Morrisville center allows you to receive structured, quality care **without disrupting your daily routine**.

Our outpatient model makes it possible to:

- Maintain work, family, and school responsibilities

- Stay close to home while accessing professional care

- Get started quickly with **same-day appointments** when available

Insurance and Accessibility

We accept **Vermont Medicaid, Medicare, and most private insurance plans**. Our team will walk you through the intake process, verify your coverage, and help remove any barriers to starting treatment.
