Opioid Addiction Treatment in Pittsfield, MA – Integrated and Supportive Care

Introducing our opioid addiction treatment center in Pittsfield, MA, where we provide evidence-based, integrated treatment for opioid and alcohol addiction. Our outpatient medication-assisted treatment center is designed to address not only your health needs but also to assist with obstacles like child care, transportation, and housing, allowing you to concentrate fully on your recovery.

Personalized and Compassionate Treatment Plans

Our licensed and experienced staff is committed to delivering effective, respectful, and compassionate care. Each patient receives an individualized treatment plan that includes FDA-approved medication-assisted treatment, ensuring a tailored approach to recovery.

Comprehensive Support Services

In addition to individual and group counseling, our treatment program incorporates recovery support services. We aim to help our patients meet essential needs, which are critical for a successful recovery. This integrated approach ensures that our patients can stay focused on their path to wellness.

Addressing Complex Needs

Recognizing that substance use disorders often occur alongside mental health conditions, many of our centers, including Pittsfield, offer intensive outpatient (IOP) treatment. This approach is designed to treat co-occurring mental illnesses, providing a holistic solution to addiction and its underlying causes.

Start Your Journey to Recovery
