## Description

### Opioid Addiction Treatment in Springfield, VT – Comprehensive and Supportive Care

Welcome to our Springfield, VT opioid addiction treatment center, where we offer FDA-approved medication-assisted treatment administered by licensed and experienced professionals. Our approach to opioid addiction treatment is comprehensive, integrating medication assistance with case management and recovery support services, all aimed at facilitating a successful and long-lasting recovery.

#### Flexible Outpatient Services

Our Springfield center provides outpatient services that offer the necessary flexibility for effective care without the need for overnight stays. These services are tailored to each individual, ensuring that treatment is personalized and responsive to your specific needs.

#### Support Services for Holistic Recovery

Understanding the challenges faced during recovery, our center offers support services that address basic needs such as housing, child care, and transportation. This holistic approach allows our patients to focus on what's most important: their recovery journey.

#### Individualized Medication-Assisted Treatment Plans

Our treatment includes a range of FDA-approved medications for opioid addiction, such as Buprenorphine (available in brands like Suboxone, Zubsolv, Bunavail, Sublocade) or Naltrexone (known by its brand name, Vivitrol). Each patient undergoes an individual medical evaluation to determine the most appropriate medication assistance plan.

#### Start Your Path to Recovery
